

Reading Guide

CEEG 340–Introduction to Environmental Engineering

Instructor: Deborah Sills

Reading assigned for Tuesday 9/10: Textbook, pp.101-107

After completing the reading you should be able to:

1. Write the general equation for a rate law.
2. Write a rate law and an integrated form of a rate law that describes
 - (a) a zero order reaction,
 - (b) a first order reaction,
 - (c) a second order reaction.
